

AV RIDER

STERLING PROVIDES HIS OWN COMPUTER AND ADAPTORS

COMPUTER, PROJECTORS AND DISPLAYS

- Sterling provides his own Apple MacBook Pro to run presentations from with HDMI connectors. Have adaptors of other connections upon request.
- Sterling's entire presentation is presented from his computer using a 16:9 display ratio.
- Client must provide clicker.
- If it's impossible to run the deck off of Sterling's computer, we just need notice.

MICROPHONE

- Sterling requires a wireless lavalier microphone connected to a professional audio system.

AUDIO

- Audio can be output from Sterling's MacBook Pro via the Thunderbolt 3 / USB-C ports or a standard 3.5mm analogue headphone jack.
- Ability to connect into the room's speaker system to ensure audio from computer videos can be heard by participants.

CONFIDENCE MONITORS

- Requires at least one confidence monitor along with a countdown timer if available. If possible showing slide advance.
- No Podium.
- If one must be present, please push back so he can walk in front of it unencumbered

AV TESTING / SOUNDCHECK

- Sterling requires an A/V check no fewer than 30 minutes before taking stage. Ideally the day before.

BEVERAGE

- Please have a bottle of water available to Sterling while on stage.

An AV technician should be available during setup and during the presentation.
